FARM LABOR SITUATION | BUSY COUNCIL MEETING

Fruit Grower Faces The Worst Help Shortage In The Past Six Years, Says M. M. Robinson, Secretary Of The Ontario Distributing Board—Migrates To The Urban Areas For War Work Do Not Want To Return To Agricultural Pursuits.

Speaking at the "Farmers' Night" of the Kiwanis Club of St. Catharines on Thursday evening last, M. M. (Bobby) Robinson, Secretary of the Ontario Distributing Board, told the 200 odd fruit growers present a few very pertinent things. In fact his speech was the most vibrant that the growers of this district have listened to in a lot of years.

The text of Secretary Robinson's address, which was given to the public for the first time in Ontario, is as follows:

Is our economy getting of balance?

What are we doing to our agricultural industry?

Are we forcing farmers into a peasant class?

Why is the farm labor situation the worst it has been in six years?

These are pertinent questions.

In placing them before you I am mindful of Tom Kennedy's favorite remark: "Mountains today are molehills tomorrow." But our genial minister of agriculture could have gone further and said: "Mountains become molehills when we face issues and attempt to do something about them."

Recently the executive of the Canadian Federation of Agriculture met the federal cabinet. A week previously the executive of the Ontario Federation of Agriculture conferred with the Ontario cabinet. In each case the farm labor situation was given top billing and each cabinet informed that if full production was desired labor had to be made available.

Why isn't labor available?

Labor is not available simply because in the efforts of the government to establish varying degrees of social security the agricultural industry has been entirely neglected—somebody forgot that a balance had to be maintained, that without this balance trouble would ensue.

During the war the armed services and war industry drained agriculture.

For five years agriculture did a grand job by the use of child labor, farm service forces, increased mechanization and other devices. It was hard slugging but done more or less cheerfully with better prices

Postmaster Makes A Flying Trip

L. A. Bromley Called Suddenly To Bermuda — Makes Fast Trip By Air — Charles Bromley Now In Hospital.

Postmaster L. A. Bromley is in Hamilton, Bermuda. In fact he was there three and a half hours before The Independent came off the press last Thursday morning, informing you that he would be leaving Grimsby on Monday and fly from New York on Tuesday for the Atlantic Island.

The Independent told you that he was going to see his Father and Mother, both on the four score year mark.

About four o'clock last Wednesday afternoon he received a cablegram from Charles I. Burland, an old Grimsby boy, now resident in Bermuda, that Mr. Bromley, Sr., was not so good and to come quick.

Mr. Bromley consulted with Harold Johnson of the Grimsby Natural Gas Co. (who knows the Bermuda situation like a book) and they contacted the booking agency that was handling Mr. Bromley's trip.

Here is what happened.

Agency—"If it is an emergency call, you have Mr. Bromley at Malton Airport ready to fly at seven o'clock. We are sending through a New York plane that would not ordinarily take passengers, but in emergencies we will handle them."

Our Little Postmaster was at Malton and boarded that plane. He was in New York at nine o'clock. He left New York at three o'clock on Thursday morning. He landed in Bermuda at 6.30. He had seen his Father and was eating breakfast with his Mother when The Independent was coming off the press in Grimsby, 3,000 miles away.

Lake Ontario Continues to Take Heavy Toll of Farm Lands

Plan To Make New School District

Members Of Grimsby Board Of Education Will Hear New Plan Discussed At County Council.

On invitation of Lincoln county council, several members of the Grimsby Board of Education will attend the April session of county council on April 17, in order to hear Stanley Rendall, of the Department of Education, Toronto, who will explain the new plans of the department with regard to forming the county into a high school district.

As this is a very important matter, the council desires to hear the viewpoints of the various high school boards in the county before a decision is made.

William Hewson, chairman of the finance committee of the local board, explained that it was of particular interest to Grimsby because of the proposed enlargement of the Grimsby school to take care of the new courses, and the much higher attendance.

Lieut. Jack McCausland recently returned from four years service overseas who has joined the insurance department of the C. J. Delaplante business.

Farmers along Lake Ontario are still losing the battle they have been waging for decades against the erosion caused by Lake Ontario. Many times the "lakeshore roads" in the Niagara Peninsula have been nibbled away and new roads have had to be cut farther back from the bank, through land that had been gardens, orchards and front yards for lakefront homes. This year the five-mile stretch of road between Vineland and Beamsville is almost impassable. Signs are erected warning motorists that they use the road at their own risk. Posts have been placed to mark holes cut right out of the travel portion of the road. Blocks of concrete and tree

trunks have been dumped over the bank to try to break the force of the waves. Above, at top left, the lake is shown edging up onto a low section of the road. Top right, part of the road itself has dropped into the lake. Lower left, land used formerly for an orchard has now been commandeered for the roadway. Lower right, a section of the road is rapidly disappearing and is hardly wide enough for a car. Last week Clinton township farmers offered to give more land for the construction of a new lake shore road if township council would construct it.—Cut courtesy of St. Catharines Standard.

County Records Of Yesteryear

Old Vaults And Store Rooms At County Building Cleaned Out To Make Way For Improvements.

What might have been a goldmine of information for historians seeking new light on olden days in St. Catharines and Lincoln County went the way many things do at house-cleaning time, to the junkman, at the county building last week. Records and documents which had been packed away in vaults and store-rooms were destroyed to make way for improvements to the building.

The Lincoln County Council recently approved a motion to redecorate and modernize the county building this year and plans for alterations have already been drawn up by the architect. The council chambers are to be enlarged and the present warden's office will be remade into a committee room. Other improvements are being made to the building but before these could be proceeded with by workmen it was found necessary to clean out vaults and store-rooms which were used for storage purposes.

One vault, situated in the warden's office, had not been used for years and upon opening it, officials of the county building found that it was packed from floor to roof with records of the Lincoln councils dating back to the eighteenth century. Packed in envelopes, yellow with age, and tied with

Amalgamation Of Grape Growers

At a meeting on April 4th the directors of the Ontario Grape Growers and Niagara Wine Grape Growers Organization amalgamated and association under the name of United Grape Growers Association of Ontario.

The President, Horace Kilman, Vice President, Glenn Reinke, Secretary, Reid Smith, Directors—the directors of the two former organizations: Grant Launson, Roy Mailes, David Jackson, George Neill, Fred Smith, Richard Morley, Frank Peterson, Angus Lamont, R. Lamborne on the part of the two

This Growers Organizations has Grape Gavourable comment from brought timent of Agriculture and the Depaducers and will greatly Wine Pri the grape growers to strengthen the association to do their have one air them.

The first meeting of the new directors will be held April in Grimsby.

Grimsby Weather

Week ending at 8 a.m., April 8, 1946.

Highest temperature 65.5
Lowest temperature 29.0
Mean temperature 44.9
Precipitation 0.08 inches

Grimsby, England, will erect a Community Centre at a cost of \$100,000 as a War Memorial.

Leno Question Is Still Unsettled

Placing Of Ban Only Affects Inter-Provincial Shipments —George Wilson Says 1946 a "Transition Year."

First step in banning the use of red coloured netting for covering heaped baskets of Ontario peaches came Friday night with publication in the Canada Gazette of an order-in-council prohibiting its use, effective September 1, on inter-provincial shipments.

In an interview at Ottawa, Agriculture Minister Gardner said there had been a universal demand to do away with the red netting. Commenting that the Federal Government could only deal with inter-provincial shipments, he said he believed the Ontario Department of Agriculture would co-operate in carrying out the order.

The red netting, long a subject of complaint because of its ability to conceal defects of poor quality fruit, has been banned by the Federal Government as a direct result of the multitude of complaints from all sections of the country last year. The order states that after September 1 "no person shall use reddish or orange-coloured covering for heaped baskets of peaches."

Describing 1946 as a "transition year," George Wilson, director of branch, Ontario Department of Agriculture, stated on Saturday that he was unable, at this time, to say what the policy of the Government would be on

Carelessness In Spraying Trees

The Independent Receives Numerous Complaints About Shiftless Manner In Which Work Is Done.

During the past week The Independent has received several complaints from citizens regarding the careless or shiftless manner in which some of the spraying work has been done and is being done in town.

One instance is where the spray crew moved into a property to spray a couple of trees and when they had finished there was considerable more spray on the washing of the lady next door than there was on the trees.

Another very bad case is where one solitary cherry tree was sprayed and the house next door and the next one to that were liberally coated with the spray mixture.

It seems that the men doing the spraying pay no attention as to what direction the wind is blowing but just go ahead and spray. In all cases complained about there was more spray on the neighboring houses than on the trees that were supposed to be sprayed.

One householder sought legal advice on the matter but apparently there is nothing that can be done to make the man on the end of the spray nozzle pay for any damage that is caused.

Road Plans

Plans for work to be done during the spring and coming summer were discussed at a meeting of the road committee of the Lincoln County council last Friday.

Reeve Charles W. Durham, of North Grimsby Township, chairman of the committee, was in charge of the meeting held in the office of County Engineer F. E. Weir.

Tenders were opened for supplies and materials during the session. The committee also received tenders for a paint sprayer for road work but the matter was postponed until further information had been obtained.

Grant 10 Building Permits With A Value Of \$29,100—Give Tax Collector Jewson \$208 Salary Raise—Police Will Be Instructed To Prosecute Unsafe Bicycle Riders, Rowdy Motorcyclists And Speeding Bus Drivers—Committees Are Living Within Their Budgets.

Not in 15 years, or possibly more, has Town Council granted as many building permits, for as much money, as they did in session last night. There were 10 applications of various kinds for a total amount of money of \$29,100, which in itself is a good omen for the building boom that is anticipated once that materials and labor become more plentiful. The following permits were granted:

Grimsby Stove and Furnace Co. for the erection of additions to their plant at the corner of John and Robinson streets, one building 14 x 98, one building 24 x 41, total cost \$3,000.

John Anderson new frame and stucco house on lot at 18 Maple avenue, \$3,500.

Sam. F. Stuart, remodelling home on Robinson street south, \$700.

Gordon Basher on Fairview lake front, conversion of summer cottage into permanent all year around home, \$3,000.

Clarence W. Lewis, new storehouse at his plant on Paton street, 24 x 60, \$1,200.

Wm. Hewson, new home on the corner of Murray street and the Queen Elizabeth Way, one storey, \$8,800.

John Reekie, new home on St. Andrew's avenue, \$6,000.

W. W. Wright, remodelling house at 125 Main west, \$1,100.

Grimsby Cement Block Co., new factory, frame, stucco, cement blocks, corner of Clarke and Robinson, \$10,000.

Over 2100 Cases Of Immunization

Dr. James M. Mather, M.O.H. For West Lincoln Reports Much Success In Clinics And Schools In This Work.

During the first 3 months of this year the western area of the Lincoln Health Unit has been stressing immunization both in Well Child Clinics and in the schools.

The following procedures have been carried out:

Successful vaccination against small pox 244
Doses of whooping cough vaccine (including 8 booster doses) 46
Doses of diphtheria toxoid (including 922 booster doses) 1504
Doses of combined diphtheria toxoid and whooping cough vaccine (including 45 booster doses) 368
Total Immunization Procedures 2162

The fact that 975 booster doses are included in this number is a tribute to the busy practicing physicians since each of those children had received a previous course of immunization.

In Grimsby and Beamsville the infants and pre-school children were looked after at Well Child Clinics. In Smithville a special series of immunization clinics have been held. A Well Child Clinic will be opened at Smithville in May. In the 39 rural schools in the area

Hitler Had Spies In Fruit Belt

Lt.-Col. McCordick Tells Audience That 24 Of Them Were In This District Before War.

(St. Catharines Standard)

During the year before the late war, Hitler had active agents working in Canada sending information to Berlin and 24 of them were working right in St. Catharines. Lt.-Col. E. Frank McCordick, who took the 10th Field Battery overseas, Thursday night told a gathering of returned men at a dinner given by Empire Lodge, I.O.D.E.

As a military officer Colonel McCordick worked with the Royal Mounted police here. A photo of 24 Germans wearing the swastika and armbands, taken right in St. Catharines, was discovered, as well as a complete map of the Welland Canal and information regarding industry. The man whom he believed was in charge of the spies,

FACTS & FANCIES

Frank Fairborn, Jr.

A nation cannot grow rich by not
producing, by not working, by not sav-
ing, by not being enterprising, by seek-
ing only security and protection.

Walter Lippmann

WEST LINCOLN MEMORIAL HOSPITAL

It took about three years for "Sandy"
Globe and the men and women that worked
with him to build West Lincoln Memorial
hospital.

It took 30 minutes on Thursday night or
early Friday morning to save a life. West
Lincoln, Miss MacRobbie and her efficient
staff did it.

I grant you that an eminent surgeon
from the city of Hamilton had to come here
to perform the operation, the same as he
would have done in the city, BUT would that
patient have lived to reach one of Hamilton's
hospitals. It is a long 18 mile drive in an am-
bulance. And an ambulance is not a feather
bed.

This lady went into West Lincoln. The
Hamilton Surgeon took care of her, with the
assistance of her own local physician, of
whom there are no better, and she did not
have to go through all the agony of that 18
mile drive and—possibly death.

She went to West Lincoln where she got
just as fine nursing care, if not better, than
she would get in any Hamilton institution,
and was operated upon there successfully.

The directors, medical staff and nursing
staff of West Lincoln Memorial hospital need
plenty of cash and plenty of encouragement
because it is the greatest institution that
ever was in Lincoln county. I'll be talking to
you about this later on.

GLOBE AND MAIL GOING SENILE

When a big daily newspaper manned by
clever, smart men start to even wits with an-
other big daily newspaper manned by half-
wits, then that is proof that the editors of
the first paper are going senile.

Three weeks ago Premier George Drew
brought out a new liquor bill. It has already
passed the house. The big city dailies had a
harvest arguing over it. I had nothing to say,
I am still not going to say anything about it.
The time has not arrived for me to say any-
thing.

The dailies had a lot of fun arguing over
the various points in the Bill and none of
them got anywhere. But what makes me mad
is the fact that newspapermen with the
brains that are on the staff of The Globe and
Mail would even their wits to argue through
print on the front page, with Joe Atkin-
son and his Star outfit. As old "Mitch" Hep-
burn said, "The paper with the biggest cir-
culation and the least prestige".

I'm so mad at The Globe and Mail that I
could chew nails if I could find the nails.

THE OLD WOOD SAWYERS

One of the most common occupations
about this time of year in the old days, was
sawing up the woodpile and splitting the
wood. The old timers tell about their labors
on this job. You can't blame them if they are
proud of the amounts of wood they could
saw and split in a day.

Their saws sang a merry tune in the air
of a March day, and when the pile was sawed
up they compared notes with their neighbors
on the time it took them to do it.

Sawing up a woodpile was also in those
times a job which many boys performed.
Many of them would take branches trimmed
from fruit trees and cut them up for use in
starting a fire. It was vigorous work, but the
open air exercise promoted health.

We don't have to approach disease to get
it—just make conditions favourable and it
will do the approaching.

SO LONG MRS. DENT!

A local bank manager, now retired, once
told a client to take his account elsewhere.
He explained it later saying: "A dissatisfied
customer is no good to any bank."

As a war bride, someone should tell that
to Mrs. A. Dent, wife of a Sergeant of the
Veterans' Guard of Canada, now resident at
Timmins. There is nothing in Canada that
this woman likes. She dislikes everything.
She doesn't like the cold, the house, the food,
the work of housekeeping. In a pleading
voice, the reporter asked Mrs. Dent: "Don't
you like anything about Canada?" The an-
swer was firm: "No, nothing."

The lady comes from British Guiana
where help no doubt is a dime a dozen. Mrs.
Dent omitted to say she hated herself; she
did not say that she disliked her husband.
She merely took it out on Canada and all her
works, and will get out as soon as possible
and never come back, never.

So long, Mrs. Dent. Canada doesn't like
dissatisfied customers.

THE FORGOTTEN MAN

What we are inclined to pronounce as
the editorial of the week appears in the cur-
rent issue of The Financial Post. Is the white-
collar salaried man doomed under the burden
of income taxation? In any event he is, as far
as relief goes, the forgotten man in the pic-
ture and the country needs this group as a
spending force and integral part of the na-
tional economy. The Post, commenting that
nowhere is concern deeper than among the
white-collar salaried class, continues:

Quite justifiably, the salaried man looks
ahead with deep foreboding. Plans for enormous
new and old government expenditures make the
hope for tax relief dim indeed. He suspects that
what lightening of the tax load can be realized
will be felt mainly by the low income group and
very little by the medium income group.

Though he approves income tax in principle,
the salary man wonders if income tax at any-
thing approaching present levels can be effec-
tively administered. The form of payment means
that income tax has about 100 per cent. success
in detecting and taxing all salaried individuals.
How, he asks, "am I going to keep meeting
members of other groups who boast about the
unreported and untaxed dollars they have to
spend on themselves, their wives, their cars,
their homes, their hobbies; who boast of un-
taxed dollars which are building up savings for
their own and their families future security?"

Results of the economic and social destruc-
tion of the white collar, salaried group cannot
be safely ignored in democratic society.
Our modern civilization and high standard
of living were, to a very substantial degree, built
on the past capacity of this group of consum-
ers to buy homes, furniture, cars, entertainment,
refrigerators, vacuum cleaners, etc. It is this
group whose ready and generous support for
churches, educational and cultural institutions—
for every kind of community effort—is taken
for granted and demanded.

ENTITLED "NO OPPORTUNITY"

(Condensed from The New York Sun—H. I.
Phillips)

The broadcasts about the exploitations
of the worker in America and the horrors
of life without Government help are thrown
for a loss by the story of Bill O'Dwyer, elec-
ted last November the head of the biggest
city in the world.

A little over 30 years ago the young man
who was to become the Mayor of New York
got off a boat from Ireland with \$23 in his
pocket, no friends, no influence, and no blue-
prints from the cradle to the grave. The \$23
would have financed some letters to Congress
and some denunciations of the American eco-
nomic system, and left something for invest-
ment in a campstool for listening to com-
fort to park agitators, but he went to work
instead.

He took a job in a grocery store at \$9 a
week without denouncing the proprietor,
grabbing a "This Store Unfair" banner or
shouting, "This is exploitation!" The work
was tough and the hours no bargain, but he
took no time out to argue about his future se-
curity while uncaring the cabbage.

Bill later took a job as a deck hand on a
freighter, which will ever stand as proof that
he was not mainly determined to get softer
life with more time for outdoor sports.

Then he became a stoker on Hudson
River boat when he could have had more fun
writing letters to the newspapers beginning:
"It seems to me that under our complex so-
cial and economic system..."

Next he became a plasterer, which was
like giving up weight lifting for something
with better backaches. But his legs and feet
were not breaking down fast enough, so he
joined the police force.

If Bill had been the type who stays in a
rut and concentrates on demands that some-
body make his future secure, he would still
be pitying himself. But instead he studied
law at Fordham nights and became a lawyer.

He was the master of his soul and the
desk sergeant of his destiny.

At no time were there any squawks from
him about there being no more frontiers.

The question is not whether he will make
a good mayor but what will he study for next,
regardless of the hours, work or shortage of
recreation opportunities.

'WAY BACK WHEN

Frank Fairborn, Jr.

WHO KNOWS

What years did the late Duke Walker conduct a
butcher shop on Main street in the store adjoin-
ing the Malacoff building?

Recently I attended the evening service of one
of the village churches and was amazed, (yet not so,
when I consider the trend of the times) to find so
few who attended the service there, for at one time
the churches were all well filled, but those were the
days when the gospel was truly preached, and the
Old Rugged Cross was upheld.

Oh, that old Rugged Cross,
So despised by the world,
Has a wondrous attraction for me,
For the dear Lamb of God, left His Glory
above,
To bear it to dark Calvary.

Who can recall when the church auditoriums
were illuminated with a cluster of oil lamps extend-
ing from the ceilings in the centre of their courts,
also when the church sheds were all filled on Sun-
days with horses and buggies?

What year did the late W. W. Kidd operate a
mill and lumber yard on Orchard Lane in the vil-
lage? Those were the days when the east side of
Oak street was built up southerly from Elm street.

During the early village days apples were
plentiful and there were two coopeage shops to
supply the barrel trade—now, who operated them,
and where were they located?

Trusting these items will continue to revive the
village age, with an enlargement on the board walk
area later.

Francis Hill

Through the courtesy of Rev. E. A. Brooks,
Rector of St. Andrew's Anglican church, I am able
to publish herewith a complete list of names of the
men who have acted as Rector's, Warden and
Church Warden, from 1815 to 1946.

What's happened to the lights on the Old Forty
bridge.

Contractors are finally getting the store fronts
of Case's meat market and the Busy Bee finished up.
This job was started late last Fall.

Here's one. It was bound to happen sooner or
later. Old Tom was bound to crash this column. He
has. He met the "Bishop of Cat Street" in front
of Tuck's the other p.m. and saluted thusly: "How
yah, Doctor." First time I ever knew that "Red" was
an M.D.

Last year Frank Fairborn, Jr. in "Facts and
Fancies" did not get to first base with the then
Chairman of the Property Committee of Town Coun-
cil, in trying to get the short cut across the grass
sward at the top of Palmer's hill eliminated. I think
I have found a solution to the problem. Have Town
Council buy a Hardie sprayer to use for weed killing
purposes and the now Chairman of the Property
Committee MIGHT do something to save this beauty
spot.

1895—R. J. Hewat, E. J. Woolverton.
1896—R. J. Hewat, G. W. Meyer.
1897—R. J. Hewat, G. C. Pettit.
1898—Dr. Alexander, W. H. Pettit.
1899—W. H. Pettit, W. F. Lewis.

Around The GRIMSBY High School

JANIE

Well folks, Janie's back after a
two weeks holiday. What am I
saying—that was two weeks hard
study?

Be loyal. Don't talk—the walls
have ears. Our parents will hear
about our marks soon enough. Oh
well, we had a nice time at the
"celebration" dance, Friday any-
way. Mr. and Mrs. Morton acted as
chaperones and that eloquent char-
acter Art Bryden was M.C.

By the way A.B. won the semi-
final contest at Beamsville of the
St. Catharines Lions Club Orator-
ical contest. His subject was "Ju-
venile Delinquency." Good luck in
the final, Art.

Mr. Wilson MacDonald the well
known Canadian poet will give a
poetic recital at G.H.S. on April
30 at 8 p.m. All the public are cordi-
ally invited.

A Formica film in colour of the
Plastic Industry is to be shown on
the 18th at 3 p.m. and any out-
siders who are interested are wel-

come.

The hot lunches that were served
to out of town pupils during the
winter have been discontinued but
milk is being served every day.

It must be a wonderful feeling to
know so much that you can toss
your books out the window just
before exams.

G.H.S. socialites have been step-
ping out lately—dances, at Homes,
weddings, etc.

Say, B.V.H.S. must be pretty
hard up, they have to come to
G.H.S. for partners for their At
Home!

Third form has had "spare"
trouble recently, especially getting
in after a spare. One disadvantage
is that the teachers won't allow the
rest of the class to go and hunt for
the missing links.

Mothers! Don't laugh at those
brash cuts—your boy may be next!
Born at G.H.S. on or about April
5th, approximately one hundred
chicks.

New Teacher For High School

Following its decision, at the
monthly meeting last Wednesday
night, to add an additional teacher
to the high school staff, the Board

of Education appointed John Mer-
kley, of Ottawa, at a salary of \$2,000
a year, duties to commence at the
fall term.

Mr. Merkley will teach agricul-
tural science and physical culture.
The Grimsby baseball club was

SPORTOLOGY

(By Bones Livingston, Sportologist)

CANADIAN LEGION SPORTS DAY—On May 24th, West Lincoln branch of the Canadian Legion will hold a big field day of Sports in Grimsby. The games will be held on the High school grounds and the admission fee will be 25 cents for adults. School children free. There are 12 events on the card including 100 and 220 dashes, jumping contests; a 10 mile marathon run; a five mile cross-country run and many other attractions. It is a good many years since a field day has been held in Grimsby and this one should prove a fine attraction for the holiday. A big street dance will be held at night.

THE DREGS OF THE KEG—Who is the GRIMSBY BASEBALL CLUB? We notice that they have received permission from the Board of Education to use the Public School grounds for baseball purposes. O.K. But who are they? . . . WHITBY won its protest with the O.H.A. over the game they lost to PORT COLBORNE in the Canal Town. They claimed that the ice was not marked out according to O.H.A. specifications, despite the fact that DINTY MOORE did the marking. BIG RUSH can tell you something about that. Both games that the PEACH KINGS played in the PORT the past winter was on the same marked out ice. RUSH told the PORT moguls that the marking was illegal and both nights sat in the box with a written and signed protest already to hand to the referee if the KINGS lost the game. Such action, happily, was not needed. That RUSH was right in his contention is borne out by the action of the O.H.A. executive. RUSH isn't always wrong. . . . HAMILTON hard ball officials want GRIMSBY to place a team in the Juvenile city league series this season. A good idea if we had any juvenile players that could play hard ball, also if some good Samaritan would come along with a bundle of green wool with numbers on it. A couple of years from now when FATHER O'DONNELL and his LIONS CLUB co-workers get the kids lined up and trained then we might consider the proposition. . . . BIG RUSH was travelling in high society of the hockey world on Saturday. He attended the Tigers—Montreal game in Toronto in company with DINTY MOORE, UNCLE BILL HEWITT and other nabobs of the O.H.A. . . .

THEY KEEP TRUNDLING ALONG—Teams in the MEN'S BOWLING league have not taken too kindly to the play-downs that have been scheduled for the past three weeks. Several of the teams have been very lakadalsical in showing up for their games and some of them have not even put in an appearance. The result of all this is that the play-downs have developed into more or less of a merry-go-round. . . . Several teams have been cracking the 3500 mark in their games and that is real hot bowling. . . . HAMMY FOX still continues to grab at least one out of every three games over the 300 mark. . . . OLLIE SHAW believes in consecutive numbers, look at this, 206-207-208. . . . LITTLE WHIZZER says that NELS. MARTIN has got to stop trying to bowl on two alleys at one and the same time. WHIZ was mad that night. . . . Looks to me like it will be the GAS HOUSE and the GENERALS again when the finals come for the big money. . . . CLARENCE SMITH with 353 won the war stamps last week for the boys and BERNICE BYFORD with 238 the girls. . . . What has happened to HELEN FISHER? She won nearly all the stamps last spring. Of course HILDA JOHNSON is out of town so she will not garner any of the shekels like she did a year ago.

LABOUR SITUATION

and the impetus of the war effort as the stimulation factors. Patiently and hopefully all farmers looked to the termination of the war, firm in their conviction the situation would quickly right itself. It is, therefore, with surprise and consternation we encounter the frustration of a worsened condition.

Selective Service officials were the first to warn of pending events. Months ago they predicted that farm labor would be more difficult to procure in 1946 than at any time during the war. They gave several reasons—all valid. Some of them are as follows:

1. Many who migrated to the urban areas from the rural districts for wartime employment have no desire to return;
2. Many war years, and we all know the chief reason, have departed for the urban centers;
3. There are several contributing factors:
4. Unemployment Insurance;
5. Workmen's compensation;
6. Eight-hour day;
7. Minimum wage laws;
8. Rural housing conditions;
9. Soldiers' gratuities and out-of-work benefits;
10. Shopping conditions;
11. Baby bonus.

There are other reasons but they can all be summed up in one term—economic and social conditions.

So serious is the situation that at a recent meeting of the Ontario Regional Employment Committee set up under section 90 of the Unemployment Insurance Act, the agricultural adviser to the employment service presented a resolution advising the extension of social security measures to agriculture.

Some people say that only continued unemployment will send workers back to the farm. In other words we must have a depression in order to provide an adequate farm labor force. This may be true, pathetically true, but if it is then we are simply admitting defeat, simply saying to ourselves there is no solution but hard times.

Right at the moment efforts are being made to recruit student labor for agriculture. We got through the last few years because of this student labor force but opposition to a continuation of the service is strong and vocal. Educational authorities are determinedly opposed. They know full well the penalty paid, in an academic sense, by the thousands of students who rendered such valuable service. With an eye on the general employment situation they maintain the time has come to call a halt to the interference with the education of our children. As a farmer and as chairman of a high school board, I subscribe to this attitude for I know full well the extent to which educational standards have been lowered by the shortened school term.

Consideration of the overall problem raises another point which must be strongly emphasized. Prior to the war conditions were such as to inflict, by the very force of circumstance, a cheap food policy upon the world, then as part of the war effort and as a feature of the anti-inflation policy of the government every effort was made to continue this policy of cheap food. All are agreed that the anti-inflation policy was justified but not all are agreed that agriculture should have been asked to carry the burden. That is just what agriculture was asked to do. It can be said with every degree of truth for the W.P.T.B. that it took two years for that, in agriculture, to lead a war industry, culture, just as in industry. That lesson begets properly after a bitter fight on the part of organized agriculture aided by the increasing demand for foodstuffs as the war progressed. All control agriculture the life of price for every consumer has had to struggle the fight starts ceasing and nowhere. At the moment all over—but in being gradually ment controls arcessions here and relaxed with con. Few if any of concessions these are being made to these conce. In addition the publicity policy of the W.P.T.B. has been to emphasize the cost-of-living index and the importance of cheap food. Organized agriculture contends that, in the main, the anti-inflation policy was a cheap food policy and that our public became food and price conscious to an extent never experienced before. In this a grave injustice was done to the whole agricultural industry. Possibly this was the inevitable price to pay but much of it would have been avoided if the top-flight price crabs had possessed a better have banding of agriculture. That bureaucrats learned some lessons is understanding, in the main, back they have learner influence on apparent but, in background of ground has a ter and commerce all of us and the client who under-finance, industry e destinies and was hardly sufficient of Canada. took to control the justification, welcome of the farmers

Right now, w

I make the charge that most of the concessions of the day are to labor and to industry and few, if any, to agriculture. Gradually the butcher, the baker, the candle stick maker, even the shirt maker, are getting concessions. The farmer? No.

Recently the Government, through the W.P.T.B., sanctioned an increase of one-third in the price of wooden containers. Recently leno or tarleton covering for fruit baskets was ruled out and a substitute ordered at an increase of over one-half of the price of the old cover. Recently the railways succeeded in securing an order prohibiting the shipment of heaped-up baskets of fruit in L.C.L. express lots. This latter order means an increase of one-third in the number of containers with which to carry the same quantity of fruit—flat pack as against heaped pack. Then when representations were made for higher ceiling prices or for the lifting of ceilings as compensation for the increased costs the industry was given an amazing answer—ceilings will come off if there is a bountiful crop, they will remain if there is a short crop.

Gentlemen, I submit this is a stupid answer. We return to the free market if crops are such as to force prices below existing ceilings. We remain under control, so far as

"that's a fine home
you're building!"

YES, I think I'm going to
like it.

I wish I had a home of my
own.

Well, why not?

My wife has the idea that it
would be a great worry if any-
thing happened to me.

Nothing to it, my boy. The
arrangements I've made with
the SUN LIFE OF CANADA
will clear the mortgage in the
event of my untimely death.

I never thought of that. What
about the cost?

Insignificant! In fact, it adds
very little to the carrying
charge of the mortgage.

If you are a home-owner, make
your investment safe for pos-
terity. A SUN LIFE man will be
glad to talk it over with you.

McCORMICK-DEERING FARM MACHINERY**

the prices of our produce are concerned, if crops are short and price levels remain at the ceiling. No attempt here to take care of the increases in costs of production that come as the result of the relaxation of controls on other commodities.

All through the price control struggle the favorite word of the business men of this country was "squeeze." The economists used it, often I think, with relish. Well, I have predicted we farmers would get to know the word. We will—the "squeeze" is on.

What I have been attempting to say is this—if we are to have a balanced economy the policy makers must see the whole picture and the whole picture is one which takes in labor, industry, finance and agriculture. Properly speaking agriculture is industry, but unfortunately that is not so in the accepted sense. For some unknown reason agriculture is regarded as something apart. Is that why we are heading for trouble?

At a recent meeting of the executive of the Canadian Federation of Agriculture when this problem was under review some authority was credited with the statement that if agriculture went on an 8-hour day with a minimum wage of 50 cents an hour the farmer would have to receive \$1.50 for each pound of butter he produced. I don't vouch for the figures but I do know that you can't go on indefinitely curtailing the hours of labor for urban workers, setting up minimum wages for urban workers, maintaining unemployment insurance for urban workers, in effect putting the urban worker in a preferred position without eventually being forced to at least study the relationship of one section of society, amply secured, with another section of society unsecured. That is unless you are satisfied to have the structure maintained on the broad but ignorant shoulders of a peasant class that will give you the food, the cheap food, necessary to provide social security for those strong enough to attain it.

There is a big issue here—a fundamental issue. It will not be solved with the various groups battling for their "rights" without taking time out to study the implications to all phases of society. I don't blame the politicians. I blame the economists and the great army of bureaucrats who, today, constitute the Federal government. They got us into the mess. I doubt if they can get us out of it.

The Canadian Federation of Agriculture in its brief to Cabinet said: "Farm people are seriously disturbed by the ever-widening breach between the relatively higher scale of wages and shorter hours being established in urban industry and the low scale of wages and the long hours of the farm. A continuation of this trend will cause serious unbalance and unrest. It is our considered opinion that a balanced economy and unity and harmony between the major groups in the nation will not be possible unless we have more co-operation of policies governing the returns of former, industry and labor."

The Federation asked for a Royal Commission to "survey this whole field and make recommendations in the national interests."

So tonight I place the problem on record because the time has come to face issues. These issues are pertinent to farmers and urbanites alike. The period of drift should end. There is yet time for the mountain to become a mole hill. To wait is to admit that only an economic set-back will straighten things—will provide the degree of balance so greatly needed. To wait it to say a depression is inevitable. To wait is to admit defeat.

CONTINUATIONS From Page One

LENO QUESTION
the red leno question.
"There is an uncertainty of the stocks on hand and it would seem too bad to cause any one a loss," he said. "We do not yet know what the crop situation will be although there are indications that fruit crops should be good. With a possible shortage of baskets, heaped baskets could move more fruit. The upset and confusion in the situation this year will probably be all cleared up in 1947."

HITLER HAD
came to St. Catharines and joined the militia here actually obtaining an officer's commission. He soon left here and went to another city where he also joined the militia and he continued to do this right across Canada. He managed to elude the police and get away just as they were ready to nab him.
That the information given Hitler as to Canada's unpreparedness and the supposed disinclination of Canadians to go to war, and similar conditions in other countries which were to be attacked, encouraged Hitler to go on with the war, was the firm conviction of Colonel McCordick. Canada then had an army of about 3,500 and hardly any navy or air force. Had there been an army of 200,000 as is now planned, with other services in proportion, and with other countries prepared, things might have been different and Hitler would not have gone on with his war plans, he believed.

OVER 2100 CASES
parents were invited to bring the younger children to the schools. The response was most gratifying. Diphtheria is a major problem in Europe and service personnel returning to Canada have, in some cases, brought the disease with them. Smallpox is almost unknown in Canada but at the present time cases have appeared on the west coast of the United States brought by troop ships from the Orient. Both these diseases are a potential menace and immunization is the only way to prevent them. No outbreak of whooping cough has occurred but several cases have been seen. This disease is particularly dangerous in the young infant. The whooping cough vaccine does not always prevent the disease but it does make it less severe.
Immunization against scarlet fever has not been included in the programme of the Health Unit. Scarlet fever toxin may be given in 5 doses each a week apart. Reactions are sometimes severe and it is doubtful if it does much to prevent scarlet fever though it may lessen the severity of the disease.
All immunization procedures should be begun as early as possible, preferably at 6 months of age. The greatest danger from these diseases is in the first few years of life and reactions to the materials are much less in younger children.
Child health clinics are held on the first and third Tuesdays of each month at 2 p.m. in St. Andrew's Parish Hall. These immunization procedures are offered at the clinic or, if you prefer, your own private physician can do them. It does not matter where they are carried out so long as they are done. Prevention is simple but if it is not done the result of the diseases may be most severe.

COUNTY RECORDS
string that broke at the first touch, the records were so numerous that they defied efforts to sort them out for study. Several old record books were retained by Clerk W. H. Millward and other interested county employees salvaged old material for future study for their offices.
Workmen also opened an old store-room on the top floor adjacent to the law libraries and which will be used in the proposed enlargement of the council chambers. Persons who might have been interested in old records would have had what might be called a "field day" going over the old records that came to light.
Records of old court cases were numerous, details of county road improvements over the period of the past 80 years were carefully stacked in neat piles and stored in strong boxes. Books by the hundreds and old newspapers, dusty and crumbling with age, strewed the floor. Package after package of old cancelled checks dealing with county business were thrown out, some to return as passers-by noticed them and picked them up and returned them to the county building thinking that they might be valuable.
Most of the material was not valuable and quickly found its way to the junkman while some items were retained by various office officials. While most was valueless probably some interesting records of the city and county have disappeared due to the inability of the staff to study the vast amount of material which filled the room. Clerk Millward stated that it would have taken months to study the amount of material that was discarded in the clean-up. As it was, much-needed

space was being taken up by valueless records that might just as well have been destroyed years ago.

CANADA UNLIMITED - The Formative Years

The Lamplighter—by Jack Martin, O.S.A., C.P.E.

Out of the Twilight

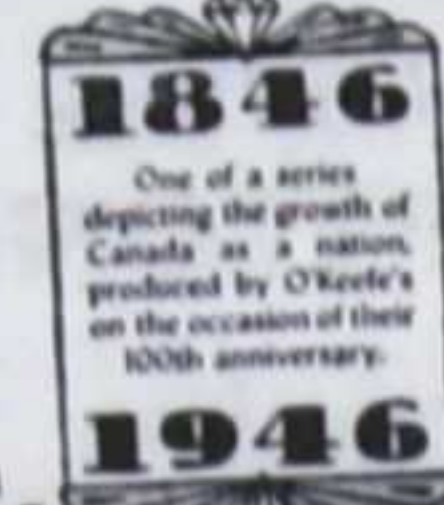

LIGHT THAT WOULD SPRING into being at the touch of a switch! Light that could be fed by the force of a waterfall hundreds of miles away! Old timers shook their heads and walked warily around the new electric light standards. Jim, the lamplighter, left his flame-tipped lighting pole at home and did his regular rounds with a pair of pliers and a handful of

carbon pencils, shaking his head at the newfangled invention that had turned his world topsy-turvy. But the children in the Canadian cities accepted the change with unalloyed enthusiasm. Gleefully they followed the Lamplighter—turned-electrician, gathering as prizes the burned-out carbons.

were working over plans for the electrification of their factories. The stubby black carbon pencils the children of the '90's collected were a portent and an augury for the bright light of Destiny that was to shine on their country.

Today, by our purchase and holding of Victory Bonds and War Savings Certificates, each one of us has a chance to play a personal part in the bright future of our country—To invest our savings, as we place our faith, in the Canada Unlimited of tomorrow.

Great men like Sir Adam Beck, father of the Ontario Hydro-Electric Power System, were to set the pattern of publicly owned power development for the world. Enterprising businessmen

At the close of the business meeting the Entertainment Com members enjoyed and visitors refreshments were a social hour. U. Stewart and served by Sister her committee.

To Hold Lenten Union Services

With Rev. L. O. Bristol of McMaster University as the visiting preacher, a series of Union Holy Week services will be held in Grimsby during this coming week. Presbyterian, United and Baptist churches are joining in these services of Christian witness for Christ and His Kingdom. Mr. Bristol was formerly minister of the Ossington Avenue Church in the city of Toronto, and is now on the faculty of McMaster University. To his services in Grimsby, Mr. Bristol brings a warm hearted and helpful message, broadened by his experience as student, pastor and teacher.

The services, Monday April 15 through Thursday April 18, will be held in Grimsby Baptist Church each evening at eight o'clock. On Good Friday morning at ten thirty, the closing service of these gatherings will be held in Trinity United Church. Mr. Bristol's subjects will be consecutive in character. On Monday evening, "Repentance", is the subject; Tuesday, "Faith", Wednesday, "Love", Thursday, "Hope", and Friday morning, "The Challenge of Evil". During the week special music will be given by the members of the participating churches, and also by singers from outside of town, including Miss Marguerite Hodd of Hamilton, and a group from the Beamsville Baptist Church.

Mr. Bristol will also speak to the regular Sunday services of Grimsby Baptist Church, this coming Palm Sunday. His morning message, will be, "The Way of Victory," and in the evening the subject will be, "The Meaning of Life".

An invitation is extended to all to join in these services and thus help make Easter truly Christian.

Bridal Showers

A number of delightful showers and parties were given in honour of Miss Virginia Hewson, popular bride of last Saturday.

Mrs. J. H. MacMillan and Miss Margaret Ann MacMillan gave a China Shower, Mrs. James Guy, a miscellaneous shower, Mrs. Wm. McNiven, Jr. Bathroom Shower.

Mr. and Mrs. C. D. Millyard entertained at a mixed party. Mesdames Florence Baisley, E. J. Marsh, J. R. McVicar gave a party and presentation. Mesdames C. A. Farrell and W. R. Boehm an afternoon tea, both of these being held in the newly decorated Oak Room of the Village Inn.

Miss Hewson was also entertained by several friends in Hamilton when Mrs. L. C. Eames and Miss Jacqueline Eames (maid of honour) gave a Kitchen shower, Miss Connie DelaPlante (Bridesmaid) a Pantry shower and Mrs. H. C. Robinson, a party and presentation.

Marriage

HILTS-HEWSON — On Saturday, April 6, 1946, in Trinity United Church, Grimsby, by Rev. W. J. Watt, Virginia A., only daughter of Mr. and Mrs. William Hewson, Grimsby, to John Walter, younger son of Mr. and Mrs. Gordon Hiltz, Grimsby.

Trinity Service Club

Trinity Service Club celebrated its eighth birthday in the church parlour on Tuesday afternoon, with members from the other organizations of the church as guests.

During the business discussions a committee of two was appointed to attend to Easter church decorations.

A very inspiring message to the club from Mrs. R. B. Ferris, the founder of the organization, was read, in which she expressed her regrets at being unable to be present.

The secretaries who held office over the eight year period each read an interesting synopsis of activities and achievements during their particular terms of office.

Much appreciated were the solo by Pearl Betzner, "He wipes the tear from every eye," the appropriate address by Jean Powell on "Spring," and the piano selections by Pat Harrison.

A delicious luncheon was served by the hostesses, Vi. Durham, Bea Kemp, Rita Bedford, Cora Johnson and Mary McPherson, supervised by the ever-smiling Agnes, during which Leone cut the birthday cake which was prettily decorated in Easter colours and tasted "just right."

Births

Mr. and Mrs. Norman L. Morn-
ingstar, Grimsby, announce the
birth of a daughter, Ronda Eileen,
at West Lincoln Memorial Hos-
pital, April 4th, 1946, a sister for
Lois.

Engagement

Mr. and Mrs. Herbert (Tyndale)
Hawes, North Grimsby, announce
the engagement of their daughter
Alice Anastasia to William Tru-
man Carr of Toronto, son of Mrs.
Rice and the late Mr. John Carr.
Marriage will take place on April
27th, in St. Andrew's Anglican
Church, Grimsby.

Trousseau Tea

On Wednesday afternoon and
evening last, Mrs. Wm. A. Hewson
entertained at a charmingly ar-
ranged trousseau tea in honour of
her daughter, Virginia, whose mar-
riage to Mr. J. Walter Hiltz, took
place on Saturday. The guests were
received by Mrs. Hewson, the bride-
to-be and Mrs. Gordon Hiltz, moth-
er of the groom.

The bride-elect wore a black af-
ternoon frock with a corsage which
was a gift from her maid-of-hon-
our, Mrs. Hewson was gowned in
turquoise blue with draped effect
and Mrs. Hiltz wore a figured dress
with purple accents.

Little Miss Lynda Robinson of
Hamilton answered the door in the
afternoon and Miss Vivian Hiltz in
the evening. Friends of the bride
and the wedding attendants assisted
in looking after the guests.

St. John's L. A.

The Ladies' Aid of St. John's
Presbyterian Church held their
meeting Thursday, April 4th, at
the home of Mrs. L. Larsen, Liv-
ingston Ave.

Owing to illness Mrs. S. Harris
gave her resignation as president.
The members sincerely wish Mrs.
Harris a speedy recovery as she is
greatly missed at the meetings.

Money was donated to the Flow-
er Committee for the flowers on
Easter Sunday.

The meeting closed with the Miz-
pah benediction.

Mrs. Larsen had an interesting
contest, Mrs. J. Wray being the
winner.

A very dainty lunch was served
by the hostess and a social hour
spent.

Ushers' Club

The newly organized Ushers' As-
sociation of St. John's Presbyterian
Church was recently honoured by
an unknown friend of this group of
teen-agers interested in church
work.

This unknown donor went all out
to show his appreciation of the ef-
forts of these boys by arranging a
most delightful evening dinner in
the Oak Room of the Village Inn.
The Reverend Francis McAvoy,
B.A., B.Th., minister of the church,
opened the dinner with prayer, af-
ter which the boys partook of a
very tasty repast, prepared by the
Village Inn staff.

During the round table chat fol-
lowing the dinner, which was in
charge of the president, Walter
Norris, James Henderson moved
and Don Mogg seconded that a
very hearty vote of thanks be ten-
dered the unknown donor. The mo-
tion was endorsed by all present.

At the conclusion of the dinner
the members of the Association ad-
joined to the church rooms to
transact other business, and to en-
joy a game of shuffle board.

The Village Inn

Last week was one of many gala
events at the Inn, terminating with
the Hiltz-Hewson wedding on Sat-
urday afternoon and the supper
dance in the evening which was
attended by over 175 guests.

On Sunday the luncheon and din-
ner guests were the largest num-
ber yet. Both at noon and in the
evening several people had to be
turned away. A check of the park-
ing yard showed automobiles from
Michigan, Ohio, Pennsylvania, New
York state and one car from Mis-
souri.

Mr. Eyra Doris, president of the
Doris-McClashan Silverware Co. of
Toronto, on Sunday, entertained at
a birthday party for his mother
who celebrated her 75th anniver-
sary.

On Monday night of next week
the war veteran employees of E. D.
Smith and Son, Winona, to the
number of about 60, will hold a
banquet in The Oak Room.

Tuesday night will be Lions Club
Father, Son and Daughter night.

Wednesday night the Town of
Grimsby and the Township of
North Grimsby will entertain the
returned servicemen of the district.
It is expected over 200 will be pre-
sent.

The man who can bring the bac-
on home nowadays has to be on
friendly terms with a butcher.

Birthday Party

Miss Edith Atkinson of Dunn-
ville was tendered a real surprise
birthday party on Saturday even-
ing of last week. When her Aunt
and Uncle, Mr. and Mrs. Walter
Wilcox of Grimsby opened their
home to some fifty or more relat-
ives.

They were present from Abing-
don, Caistor Centre, Dunnville,
Grimsby, Lowbanks, Stoney Creek
and York.

The evening was enjoyed by
games and dancing with music sup-
plied by Edith's brothers, Lorne
and Clifford and nephew Ralph At-
kinson and Lloyd Clarkson, favour-
ed with several cowboy selections.
Edith then cut the large birthday
cake and a dainty lunch was ser-
ved by the hostess, Mrs. W. Wilcox
assisted by Mrs. G. Atkinson, Mrs.
N. Atkinson, Mrs. A. Crooks, Pte.
L. A. Allen and Ruby and Jean
Wilcox.

The many beautiful gifts were
opened by Edith, who expressed
her thanks in well chosen words.

The evening was brought to a
close by everyone wishing her
many happy returns of the day.

Nuptials

HILTZ-HEWSON

Lilies, pale pink snapdragon,
palms and ferns decorated Trinity
United Church, Grimsby, for the
double-ring ceremony, Saturday af-
ternoon, at 3.30 o'clock which un-
ited Virginia A., only daughter of
Mr. and Mrs. William A. Hewson,
of Grimsby, and Mr. John Walter
Hiltz, younger son of Mr. and Mrs.
Gordon Hiltz, of Grimsby. Rev. W.
J. Watt officiated at the candle-
light ceremony.

Given in marriage by her father,
the bride wore a graceful white
fillee gown, with basque bodice
and bouffant skirt falling into a
slight train, and a long veil of silk
illusion, held in place with garden-
ias. She carried a cascade bouquet
of gardenias and Sweetheart roses.
There were five attendants, Miss
Jacqueline Eames, Hamilton, as
maid of honour, in a dress of dusty
rose faille, made on the design of
the bride's gown, with matching
dubonnet Dutch cap. She carried a
cascade bouquet of sweet peas.
Miss Connie de la Plante, Grimsby,
and Mrs. Kenneth Rosenplat, of
Trenton, wearing gowns of French
blue faille, of similar design with
matching dubonnet Dutch cap
and carrying cascade bouquets of
sweet peas. Miss Lynda Robinson
of Hamilton, and Miss Diane Aiken,
of Toronto. The flower girls wore
short white crepe dresses, smocked
in the shades of the bridesmaids'
dresses. Their headresses were
white Dutch caps, and their nose-
gays of sweet peas.

Mr. James Guy, Hamilton, was
best man, Messrs. Donald Taylor
(Trenton), Vincent Stanger (Ham-
ilton), Kenneth Rosenplat (Trenton)
and Eugene Gordon (Grimsby),
were ushers. Mr. Kenneth Baxter,
Grimsby, presided at the organ,
and accompanied the soloist, Mrs.
James Guy, of Hamilton, who sang
The Lord's Prayer, before the cere-
mony, and I Love You, during the
signing of the register.

A reception for 300 guests was
held in the Oak Room of the Vil-
lage Inn, Grimsby, the bride's
mother receiving in a gold-coloured
ensemble, with brown accessories,
and wearing a corsage of Tullman
roses. The mother of the groom
wore grey figured sheer with
purple accessories and a corsage of
orchids.

For their wedding trip by motor,
to Buffalo and Cleveland, the bride
wore a frock of dew grey crepe,
Havana brown coat, sweetheart
rose straw hat trimmed with pastel
sweet peas, brown accessories, and
a corsage of sweet peas. The young
couple will reside in Toronto. Both
bride and groom are ex-members of
the R.C.A.F., the groom having
spent four and a half years over-
seas.

HALF OF HOME CANNING

SUGAR COMING MAY 2nd

Five of the ten pounds of sugar
granted for home canning will be
allowed housewives on May 2.
War-time Prices and Trade Board
has announced. On that date sugar-
preserves coupons \$8 to \$12 will
fall due. The other five pounds may
be purchased any time after July 4,
with coupons \$17 to \$21. These ten
coupons will be in addition to the
regular "B" coupons valid monthly
during May, June and July.

Quota users who have permanent
residents may use the sugar-
preserves coupons for home canning in
the books of the residents if they
obtain written authority to do so.
This authority must be on forms
filled in by the book holders which
can be obtained from any branch of
the Ration Administration.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

County Council meets next Tues-
day.

Lions Club meets next Tuesday
evening.

Township council meets on Sat-
urday afternoon.

I.O.D.E. Bake and Rummage
Sale in the Masonic hall on Sat-
urday.

Edgecombe Knitwear of Fruit-
land have opened a new store in
Burlington.

Lincoln County road committee
is making a two day tour of all
county roads this week.

Niagara District Pheasant
Breeder's Association expect to
raise and liberate 15,000 birds this
year.

Grimsby Water Commission in
session on Tuesday night decided
to purchase a new truck for the
use of the waterworks maintenance
crew.

Mr. and Mrs. Wm. Wright are
making extensive alterations to the
old Fitch home on Main west at
the junction of Elm street and Gib-
son avenue.

Rfm. Reginald R. Turner and
Pte. J. Klassen were two Grimsby
servicemen to arrive home from
overseas on Sunday after many
months service abroad.

Property transfers in St. Cath-
arines for the month of March in-
dicates that the peak of high prices
in home sales has passed. There
were 119 property transfers of
which 100 were for a consideration
of \$384,964. The remaining 19 were
family transfers at \$1 each.

The careless parking of a bi-
cycle by an unknown person badly
smashed the large plate glass
window on the east corner of the
Temple building, at The Bowlway,
on Friday of last week. The win-
dow will not be replaced but the
space will be built in.

Robert Potter who has been con-
nected with the Lincoln Electric
Supply since last autumn has
severed his connection with that
business and accepted a position at
the Training and Rehabilitation
Institute (The old Trades School)
Hamilton as an instructor in the
electronics division.

The Beamsville Express has
changed hands. Fred. Barraclough,
editor and publisher since 1926,
having disposed of the paper plant
and business to W. F. Rennie, a
native of Ottawa and only recently
returned from three years service
overseas as an officer with the
rank of Captain in the R.C.O.C.
and with the Army Public Rela-
tions division.

At the opening sessions of the
non-jury sittings of the Supreme
Court of Ontario for the County of
Lincoln on Monday, The Honourable
Mr. Justice Arthur M. LeBel of
Toronto heard evidence in eight of
the 24 divorce actions listed for

the April sessions. His Lordship
granted decrees in seven of the
eight cases.

Select Grimsby As Meeting Place

The Optometrists of zone nine of
the Optometrical Association of
Ontario, held a dinner meeting at
The Village Inn on Monday night.
Mr. Fred. Attridge president of
the provincial body and Mr. Harry
Stein, chairman of education were
the principal speakers.

Mr. Arthur Johnson of Hamilton
was elected chairman of the group,
and Mr. B. Broughton was nomi-
nated representative to the Execut-
ive Council.

Optometrists were present from
Niagara Falls, Welland, St. Cath-
arines, Grimsby, Hamilton, Oak-
ville and Toronto.

It was decided to make The Vil-
lage Inn, Grimsby, the regular
place for holding all meetings.

Brownies

The Brownies are looking for-
ward with joy to the coming of
fine weather as then it will be pos-
sible to hold
some of the
meetings out-
side.

At the meet-
ing of April 2nd
we talked about
the Union Jack
and the flags of
which it is com-
posed. The Golden Hand Brownies
went for a "Stop! Look! and Listen!"
walk. Our youngest Brownies
worked on their scrap books.

A rousing game of "Pop Goes
the Weasel" was played and a
knot competition held.

After a Pow-Wow the meeting
closed with the Brownie prayer
and taps.

The fuel situation being critical,
another problem is to keep the
home fires burning this winter.

Obituary

MRS. J. ALEXANDER FORAN

Mary Ellen Hammell, wife of
John Alexander Foran, 34 Fairholt
road south, Hamilton, died Satur-
day morning in the General Hos-
pital.

Anative of Beeton, deceased had
resided here for many years and
was an old member of Fifty United
Church, Winona, where she resided
for many years.

Besides her husband, she is sur-
vived by a daughter, Mrs. M. L.
(Marie) Nash, Red Lake, Ont., and
a son, Lewis H. Foran, Sudbury.
The funeral was held from the
drawing-room of Brown Brothers
at 2 p.m., Monday, interment being
in the Fifty Cemetery, Winona.

Beamsville News

MANY IMPORTANT MATTERS UP FOR DISCUSSION AT COUNCIL

The April session of Beamsville Village Council was marked by three rather important matters, two of which were discussed at some length, but no definite action was made at this sitting of Council.

It was with regret that Council received and accepted the resignation of Chief Constable Arnold Manley, who intends to move to Vineland as soon as possible, having purchased a fruit farm in that vicinity. This vacancy in the Village's Police office, leaves the Council with the problem of whether or not they should attempt to procure the services of an Ontario Provincial Police officer, or to stay with their present system.

With regard to the O.P.P., literature was read, outlining the circumstances under which the Village could obtain a Provincial man, whose services would be for the Village exclusively. The terms of this agreement, met with considerable disapproval from Councillors Robertson, Laundry and Banks. Councillor Elmer suggested that going over the item, clause by clause, matters which did not meet with the Council's wish, might be ironed out. The actual facts of the agreement are not important as to warrant a news coverage of same. However, Council will call on Commissioner Stringer, and then the actual details would be worthy of publication, at that time.

A delegation from Ontario Street headed by Mr. E. O. Drake, requested that something be done with regard to supplying eight residents of this street with town water. Reeve Saunders outlined the case, stating that it would cost about \$5,000 to install a two inch pipe to these residents, and felt that this was too high for any revenue derived therefrom. The matter would probably come under local improvement.

Percy Hodges asked—"How come people out of town get town water, and we can't, even though we are residents of town?"

Saunders—"Those out of town, pay more for their water, and are subject to curtailment if water supply becomes acute."

Mr. Drake pointed out that his neighbour, Wally Cox, hasn't a drop of water on his place, and has to draw every bit of it. Council were in sympathy with the delegation, and promised to have the engineer take a look at the site this week, while he was in town looking over the Crescent Avenue project. Mr. Drake concluded by saying—"We're all quite willing to compromise on any plan that you can work out. We don't expect anything for nothing, but we do think we are entitled to town water."

The Fire Hall was the next matter on the agenda, and again it got side-tracked, much to the disappointment of Councillor Laundry. Representatives from various organizations were present, and made a request that if Council were building a fire hall, accommodation be made for a meeting place for these organizations on the second storey. It is quite likely that the Kitchenette will not be available for these organizations in the near future.

Plans have already been presented to Council for a hall, but whether they would be suitable for the fire department, and the organizations, is the problem that now faces the Council.

Councillor Robertson opened a discussion by saying—"The Fire Department is the only Beamsville institution, these other organizations are not municipal groups."

Mr. Chas Tallman, representing the Beamsville Citizens Band countered with—"The Beamsville Band is certainly a Beamsville institution, and they certainly should get a break. We've had a band here for a great many years, something which a town of this size should be very proud of, and the band should receive some consideration."

Councillor Laundry—"If we don't take some interest in our Volunteer fire department, we're not going to have one, this building is for firemen, and they receive first consideration."

Councillor Robertson—"The organizations should meet with the department, and work out the matter with them."

Fire Chief Merrill Thompson made the statement that if the department had a suitable place to meet downstairs, and the occasional use of the upstairs, the department would be satisfied.

Later on in the evening, as Council got back to the fire hall, Councillor Laundry said that he felt that if the department wished to arbitrate with the organization, all well and good, but that the hall was primarily for the department. The matter stands deadlocked.

Other business, was a consultation with Assessor A. D. Stirling, who outlined new forms of assessment. The Council decided to stay with their present form of assessment, until such time as a standard system is adopted by the

Assessment Committee.

A rather surprising move was that of Councillor Robertson, who made a motion that was seconded by Councillor Elmer, and which reads—"That fees for Reeve and Councillors be increased to three dollars per meeting, same to be retroactive to March 1st, 1946."

Councillor Robertson had it figured out that Council was working for thirty-five cents an hour, and that even during the working day, matters of civic interest continually crossed his mind.

Councillor Banks objected to the motion, but it passed three to one.

Reeve Saunders made mention of the fact, that everything has been done that can be done with the Crescent Avenue project. And that Arch Roland had informed him, that the petition was not ready as yet.

April 28th was set as the date for Beamsville to go on Daylight Saving. Twelve mid-night is the time set for the clock to be shoved an hour ahead.

noon, at the home of Mrs. Blake Davidson, Mountainview.

The twenty-three members present spent considerable time on sewing quilt blocks for Red Cross work, and a business session followed.

Oratory Contest At Lions Club

The regular meeting of the Beamsville and District Lions Club, held in the Kitchenette, was featured by the appearance of two very fine orators competing in the Oratorical Contest sponsored by the St. Catharines Lions Club.

The two boys who spoke were Arthur Brydon of Grimsby High School, who won over Harold Pinder of the Beamsville School. Arthur Brydon has earned the right to compete in the finals which will be held in St. Catharines on April 30th.

Arthur Brydon chose for his subject "There Is Too Much Good", and it dealt with the problem of Juvenile Delinquency, which is a major problem in every community. The need of Youth Centres and Youth Guidance projects was emphasized as a means to develop in the youth of to-day, citizens worthy of our inheritance.

"The help of Lions is needed in organizing and supervising such centres. Without adult planning and supervision such centres will not achieve the desired results," concluded the speaker.

Harold Pinder's subject "Safeguarding Public Health in This Community", was ably presented, and the young speaker stressed the importance of Disease Prevention, and discussed the responsibilities of the Dominion, Provincial and Local Governments in attaining this goal.

As an illustration of what is being done in Ontario, he explained the organization and services rendered by the Lincoln County Health Unit.

In closing, he pointed out the duties of each citizen in this "good health" effort. 1. To take advantage of this service. 2. To influence others to take advantage of it.

The judges of this contest were Lions Frank Dunham and Eric Cowall of St. Catharines. The judges complimented the boys on their excellent efforts and offered constructive criticism which would be of great assistance to them in future efforts.

Lion Frank Thomson had charge of the contest and introduced the speakers.

A beautiful speaker's stand, made of solid walnut, and turned out by L. Earl Konkle was presented to Chief Wilfred Richardson by Lion Enkle.

A gratifying report was given by Lion Frank Thomson, on the recent dance. Following this, Chief Richardson presented to each of the orators a cheque for their fine work.

Lions Myle Kaupp of Merriton and Clifford Wallace of St. Catharines briefly addressed the Club. A sing-song concluded the highly entertaining meeting.

It's better to be happy than rich. They haven't fared out a way to place a tax on happiness.

BEAMSVILLE, ONTARIO

BEAMSVILLE NEWS

Lloyd Southward Buys Business

Beamsville is going to lose a very good guy, in the person of Lloyd K. Southward, son of Mr. and Mrs. Wm. S. Southward, of the Thirtieth.

However Beamsville's loss will be Jordan Station's gain, for it is there that Lloyd will locate, and will give a fine service to some two hundred and fifty fruit growers, who have been associated with Charles W. Bauer.

Mr. Bauer established this fine business in 1935, and will still maintain his feed, coal and supply warehouse on No. 8 Highway, the fruit business will be now under Mr. Southward, who knows the business inside and out.

Lloyd was on the fruit inspection staff in 1939 and 40, and then joined the R.C.A.F. Overseas for two years. He attained the rank of Flight Lieutenant, and was awarded the D.F.C. for distinguished service.

We wish for Lloyd and his Scotch lassie, the very best of luck in this venture, and trust that Jordan residents will hang out the welcome sign to a fine fellow.

Attend Services

Twenty members of St. Andrew's attended the "Joint Service of Witness" held in St. Paul's Presbyterian Church, Hamilton, on Sunday night.

The Presbyterian Advance for Christ was held by the city and district congregations, and was truly an outstanding religious program. Rev. J. M. Macgillivray, B.A., D.D., Moderator of the General Assembly, and Rev. W. B. Mitchell, B.A., of Knox Church of Dundas, conducted the service.

Hospital W.A.

The concert sponsored by the Beamsville Auxiliary of the West Lincoln Memorial Hospital, and which featured all local talent, was a great success.

The spacious Community Hall was filled almost to capacity, as practically every musical organization from the district entertained with an excellent program of all types of musical numbers.

Mrs. A. C. McArthur, President of the Auxiliary, stated that this concert was of a high calibre, surpassing many entertainers who are brought in on a professional basis. She thanked the various groups of artists and directors for their time, which was given gratis, and urged the audience to support the organizations when they appear on other occasions.

Mrs. E. Ingelhart, treasurer of the Auxiliary, announced that \$145.00 had been raised for the Auxiliary as a result of the venture.

Choir Concert

Commencing at 8.15 on next Sunday night, the choir of Trinity United Church, under the direction of Mr. Wm. F. Tufford, will render the inspiring "Seven Words of Christ." This famous Oratorio by Dubois, is a masterpiece of religious music, and the thirty-five voices of the Trinity choir will do justice to this beautiful sacred music.

During the interpretation of Dubois' work, the following soloists will be heard: Mrs. D. Stricker, Mrs. R. Van Dyke; Mrs. F. J. Thomson, and Mr. Bert Gillespie. Congregations of all churches are invited to attend this event, which will be held in Trinity United.

Farewell Party

Forty neighbors and friends gathered at the home of Mr. and Mrs. Dick Morley on Saturday night, and spent an enjoyable evening playing euchre.

Mr. Bert Gillespie on behalf of those assembled made a presentation to Mr. and Mrs. Morley and to Art Semple, who has been with the Morleys for many years.

"This is just a small memento of our appreciation for long and faithful service to our community, and we wish for you all the best of luck for the future," stated Mr. Gillespie in his short presentation speech.

Mr. and Mrs. Morley will do a bit of travelling, and it is likely that they will take up residence in this community, following this well-deserved vacation.

Trinity W.M.S.

The chapel of the church was filled to capacity at the Easter meeting of Trinity W.M.S. The president, Mrs. W. C. Almack presided and opened the meeting by reading a statement, "The Fellowship of the Cross" by Dr. Yuasa. In it, he stated that the Cross is the symbol of Christian truth. To be a Christian, is to belong to this fellowship and in the fellowship of the Cross is the hope for the creation of a new Christian world order.

Mrs. E. R. Hobden conducted the devotional service, the theme being, "Fellowship and Prayer." The guest speaker, the Reverend O. Lindsay, S.T.M. of the McLean Malpass Mission, Thorold, was introduced by Mrs. L. B. Tufford. Miss Lindsay gave an interesting account of her work as principal of the Shizuoka Girls' School for ten years, before being evacuated from Japan in April, 1941. She stated, that by the time the pupils

had graduated from the school all had become Christians. The Japanese Christians assured the teachers, who were evacuated, that their faith would hold and that they eagerly awaited the time when military conditions would permit their return. The lack of food in Japan is delaying the return of the Christian teachers to their work. At the conclusion of her address, Miss Lindsay held a conference with the Japanese ladies, who were present at the meeting. Afternoon tea was served, giving all the ladies the opportunity of meeting Miss Lindsay.

by GORD MCGREGOR

Work is progressing favorably on the Beam Theatre. Contracts are to be awarded shortly, and once construction of walls begin, the progress will be more noticeable. In the meantime, concrete is being poured for the basic foundation.

Oddity in the news — Township roads get graded. The old faithful grader, which spends equal amounts of time in the repair shop and on the road, is doing its level best to make level the un-level roads.

The Lions Club final dance of the season was a success, as have been all their stomping parties this winter. Eph Slotes and his band, provided the music.

Don't forget to support the "Shower of Food for Britain." Your donations may be left at Buck's and Thomson's, up until the 22nd of April.

Speaking of dances, the I.O.D.E. are throwing a dance this month, and will feature Russ Creighton and his Variety Band, of Toronto. Creighton's annual appearance in these parts, is looked forward to with much interest.

From the Souvenir Number of 1898 we dug up a little item entitled Beamsville—a Good Place to Live. It reads—

"As a place of residence, Beamsville has many advantages. It is near Hamilton and has two trains each way daily. We also have good electric street cars, which leave every hour for the city. We have churches of all the leading denominations, good schools and a public library. There are fine stores, some of them quite metropolitan in character. If you are thinking of changing your place of residence, we recommend Beamsville as a good place in which to build a home. Look it up."

So that was our town in 1898 hub! Taking this paragraph, and looking at it with our new 1946 specs, it might come out something like this—

"As a place of residence, Beamsville has many advantages, and a few disadvantages. Hotels not being one of these. Or we are not hampered with a messy old sewage system. It is near Hamilton, and has four trains west, and two east-bound daily. We also have good bus service, which leave almost every hour. We have churches, ah yes—odds of churches of all the leading denominations, a good high school, and a public school that was good. Also a public library. There are some fine stores, some of them quite metropolitan in character, and some that surpass city stores. If you are thinking of changing your place of residence, and you are a retired person, we recommend Beamsville as a good place in which to build a home. Especially on Crescent Ave. And we're going to have a theatre."

Beamsville goes on daylight saving at 12 mid-nite on Sunday, April 28th.

Glenn Banks, son of Mr. and Mrs. Harry Banks, has joined the accounting staff of the Royal York Hotel, Toronto, and commenced his duties on Tuesday of this week.

A record for building permits was passed through Village Council on Monday night. No less than nine were granted. These include structures that have already been built, which seems a bit odd, but nevertheless a fact. Four of these buildings will be on Crescent Ave. Two

on Mountain Street, and of course the permit for the Beam Theatre, finally arrived before Council.

Horace Lapp has been definitely engaged for the servicemen's entertainment, contrary to rumours. On change however, is the date. It has now been set for June 7th, instead of May 24th.

Councillor Robertson figures that two bucks is not enough for Council to receive per meeting. He may be right. Heavens knows the sessions are lengthy enough. However as he pointed out, he would pay his neighbour fifty cents per hour to work, and yet Council rates figure out to about thirty-five cents per hour. Perhaps the one big difference is that one of them is working.

Mr. and Mrs. L. K. Southward arrived home this week from a trip

MIRACLES . . .

ARE NOT OUT OF DATE

MANY A MOTOR CAR

Which seems to be dying, can be restored to life with a few hours work by mechanics who know how to make hair-line adjustments.

FROM A SET OF NEW SPARK PLUGS

to a complete overhaul, our service department is ready to figure what you need for satisfactory transportation.

OUR STAFF OF MECHANICS

are a group of specialists who know how. They know a motor car like a housewife knows her kitchen. They do not guess.

THE ECONOMICAL "TUNE UP"

is needed at regular intervals by every car, regardless of its age or make. Quite frequently it gives you results which seem like a modern miracle.

REAL ESTATE

Wm. Byford, Grimsby Beach, is the purchaser through the C. J. Delaplante agency of a building lot on the Alchison survey. C. J. Delaplante is now preparing plans for the erection of a new home on this property.

S. E. Laidman who recently sold his fruit farm on Paton street has purchased the house and lot at 53 Robinson street north from John Anderson. It is Mr. Anderson's intention to erect a new house this coming summer.

Through the office of Winifred Congdon, Realtor, the fine fruit farm, consisting of 13½ acres, with buildings, west of Winona, owned by F. Branton, has been sold to J. Alexander, of Kirkland Lake.

H. W. Cox has disposed of his fine brick home at the corner of Kidd and Livingston avenues to Howard Hamilton of Hamilton. The deal was handled by the C. J. Delaplante agency.

At a largely attended meeting of the directors and shareholders of the Grimsby Realty Co. on Tuesday afternoon it was unanimously decided to sell the club property on Main street to Mel Johnson. This property comprises the large building now occupied by Johnson's hardware, Frank Hitchman, Irvine Olmstead and W. J. Schwab. The building which is of heavy timber construction was erected away back in the stage coach days and for many years was known as Mariatt's Tavern and was the stopping place for the coaches on their run from Niagara to Little York (Toronto). For some years the large block of land in the rear of the building was used as a bowling green and was one of the finest in the peninsula. Mr. Johnson contemplates many improvements to both the building and the land in the rear.

Coming Events

Grimsby Chapter 195, O.E.S. is holding a bridge and euchre in the Masonic Hall on Tuesday, April 16th, at 8.30 o'clock.

The Mothers' Club will meet at the home of Mrs. W. Stuart, 50 Robinson St. South, on Thursday, April 18th at 2.30 sharp. Mothers are cordially invited to attend these meetings.

CONTINUATIONS From Page One

COUNCIL MEETING

binson streets, \$1,800.

H. L. Lindensmith, new garage on his lot on Kingsway Boulevard. Dogs and owners of dogs who failed to comply with the bylaw prohibiting the running at large of their canines came in for a lot of discussion.

Councillor Bonham stated that the police had the situation well in hand and that there was going to be plenty of prosecutions before very long. He stated that it was surprising the number of supposedly law-abiding citizens who were openly flaunting this bylaw. They will all be dealt with in the proper time. He also suggested that the present dog bylaw be amended and that the licence fee for female dogs be raised from \$4 to \$25, if the provincial act permitted.

At the suggestion of Mayor Bull council after due deliberation gave Tax Collector and assistant Clerk Fred Jewson a raise in salary to \$1,300 a year, same to be retroactive to January 1st. His present salary is \$1,092.

Chairman of Finance Price reported that all council committees for the first three months of this year had lived well within their budgets, and hoped that they would continue to do so.

Council has received several complaints from citizens regarding the speed of buses travelling on Main street. Clerk Bourne was instructed to write both bus companies notifying them that unless they instructed their drivers to cut down on their speed that prosecution would follow.

The Principals of both schools will be sent a letter, to be read to the pupils notifying them that the police will be instructed to prosecute all bicycle riders that persist in riding their bicycles in an unsafe and dangerous manner, and by so doing breaking the law.

Carnival and Tag Day days were allotted as follows:—Navy League, June 1; St. Joseph's church, July 26-27-28; Fire Department, Aug. 1-2; Blind Institute, Sept. 14; Children's Aid, Aug. 31; Humane Society, Sept. 21; Legion Poppy Day, Nov. 9; Legion Amistice Parade, Nov. 10; Legion Sports Day, May 24; Salvation Army, June 29.

Tax Collector Jewson reported that during March he collected \$15,483, as against \$16,016 in 1945; taxes collected from January 1st to March 31st totalled \$21,616, as against \$25,454 last year. So far this year \$20,259 have been made on 1946 taxes.

During the month of March, 13,618,000 gallons of water was pumped; average per day 439,290; biggest day, March 3rd, 506,000; smallest day, March 31st, 321,000; increase over March 1945, 3,987,000; increase in average per day over 1945, 126,065. North Grimsby east end used 1,374,000 gallons; west end 283,000 gallons. Bwer costs for March 1946, \$158; February 1946, \$151; March 1945, 145. General accounts for \$1,421 were ordered paid.

Relief accounts for March totalled \$48.75.

A bylaw authorizing the cutting down of several dead trees indifferent parts of the town was passed.

Mr. H. Priddle owner of the Anderson apartments appeared before council objecting to his assessment, but as Court of Revision on the 1946 assessment was held some time ago council could give him no relief.

Clerk Bourne was instructed to contact the engineering firm that is preparing a survey of sewers in town in order to find out when they will present their report.

Councillor Inglehart stated that as much work as it is advisable to do on the streets at this season of the year, is being done.

Main street stop light will be turned on May 1st.

The band concert sponsored by the Fire Department last month made a profit of \$25, which has been turned over to West Lincoln hospital, Clerk Bourne reported.

Major Saunders of Beamsville, appeared before council asking for financial assistance for the West Lincoln Concert Orchestra, which is composed of musicians from Grimsby and all other points of West Lincoln, and whose main object is the development of young musicians. 19 per cent of present members are from Grimsby, 34 per cent are High School pupils.

The request was tabled.

Chief of Police Turner in his report for March had 13 charges under the traffic bylaw, each paid \$2; complaints investigated 14; one place searched for liquor; two bicycles recovered; dog tax collected \$79.25.

Councillor Bonham reported that the police are stepping on the noisily motorcycle riders and he asks the co-operation of citizens in helping the police stop this nuisance.

To date council have not been able to secure any person to act as Weed Inspector.

Boy Scouts

The meeting of the Boy Scouts opened on Monday evening, April 8th, with the regular routine.

Inspection was conducted by "Scotty" Fleming, "Field Commissioner", Jim Wright, S.M. 52 Troop Hamilton, and Jeff Hambrooke, S.M., Winona Troop.

The officers and boys enjoyed the games of "Circle Object" and "Blindfold Boxing" conducted by "Scotty" Fleming, "Ankle Football" was also enjoyed by the Troops, Jim Wright and "Scotty."

A course conducted by Jim Wright of 52 Troop Hamilton, will be held on April 26 and 27 at Winona School. The course is called the "Bronze Arrow" Course, and eight boys from the Grimsby Troop chiefly the Patrol Leaders and Seconds, will participate in this opportunity, full particulars will be given at a later date.

The meeting came to a close with a prayer by S. M. James Baker.

After the meeting was over a "Court of Honour" was held. Discussing how we should go on the hike that we are taking on April 29th. As yet we have not decided. Full particulars next week.

Cubbing

Several proficiency badges were awarded at last Friday's meeting. John Mitchell received the House Orderly badge. To earn this a cub must be able to perform simple household tasks. David Young received the Artist and Homecraft and Douglas Kelterbourne was presented with the Guide badge.

A game of hockey ball started of the evening's activities. Hands were used instead of sticks in this game. A few over enthusiastic players forgot the rules laid down by Akela and were banished from the jungle for a short time, but remembering the cub law "The cub gives in to the old wolf. The cub does not give in to himself", returned later all smiles.

As Baloo looked after "Bones" the sixers worked on displays which were used later in a relay.

Akela led in a sing song around the campfire, the pack learning a new song "Where's My Susy."

Obituary

BEAMSVILLE AREA

RESIDENT PASSES AWAY

William Procyshyn a former resident of the Thirty district, passed away in the Hamilton hospital on Thursday afternoon after an illness of some three months. He was in his 43rd year and a native of Manitoba.
